About us

Arlentra is the flagship brand of Liberty Furnishers Inc., created to bring high-quality kitchen cabinets, bathroom vanities, and furniture to the U.S. market at direct factory pricing. With deep roots in manufacturing, Arlenra was born from a vision to combine precision craftsmanship, elegant design, and transparent pricing, offering retailers, builders, and homeowners a smarter way to source premium cabinetry and furniture.

Our manufacturing foundation dates back to 2010, when our factory began specializing in vanities, kitchen cabinets, and dining furniture. Over the years, we have refined every step of production — from raw material selection to advanced finishing using our own proprietary wood coating systems — to ensure consistent quality that meets international standards.

By integrating direct factory production with U.S. distribution through Liberty Furnishers Inc., Arlenra eliminates unnecessary layers in the supply chain. This allows us to offer competitive wholesale pricing, faster turnaround times, and reliable product availability — all while maintaining strict quality control.

Arlentra's collections reflect a blend of timeless craftsmanship and modern functionality, designed to suit a wide range of residential and commercial projects. Whether you are a retailer seeking a dependable partner, a builder sourcing cabinetry for developments, or a homeowner upgrading your space, Arlenra provides a seamless and trustworthy solution. With a commitment to service, quality, and value, Arlenra is more than a brand — it's a bridge between world-class manufacturing and modern American living

Meet the team

We are more than proud to present to you our team. They have a wealth of experience in the field of architectural visualisation and product design.

The Co-Founders are a group of professionals who are passionate about helping clients make their design. Our team is driven by a passion for producing and creativity. Our team has a wide range of experience in the space from the design and development of architectural projects through to the design and execution of innovative ideas for furniture.

If you have time please visit us!
we are looking forward to seeing you
